

SECTION 3

Job Training, Employment, and Contracting Opportunities for Low-Income Persons

A TOOL FOR "ECONOMIC UPLIFT"

Section 3 of the Housing and Urban Development Act of 1968 is a tool that is used to realize HUD's commitment to the "economic uplift" for public housing (HA) communities. It requires that public housing authorities (HAs), as well as their contractors and subcontractors, make good faith efforts to provide opportunities for job training, employment, and contracting to low-income persons, particularly those who are recipients of Federal housing assistance.

GOOD FAITH EFFORT

Under regulations at 24 CFR 135, HAs and their contractors must make "good faith efforts" to use area residents as trainees and employees and to award contracts to businesses located within the Section 3-covered project areas. Good faith effort means a contractor must take concrete steps to expand resident training and employment opportunities, such as making residents aware of the employment application process and actually employing Section 3 area residents.

OUTREACH TO EXPAND SECTION 3 RESIDENT TRAINING AND EMPLOYMENT OPPORTUNITIES

- Advertising in the local media;
- Distributing flyers on training & job opportunities to every occupied dwelling unit of Section 3 communities, and posting in common areas;
- Asking resident councils and other resident bodies to help promote resident participation, and asking similar help from community leaders and organizations;
- Informing labor organizations and private job training agencies of potential jobs and contracting opportunities;
- Holding job information meetings and workshops to help Section 3 resident's complete applications;
- Arranging for a place within the housing community for residents to drop off employment application forms and hold interviews.

PROMOTING BUSINESS PARTICIPATION

- Advertisement in local media and trade association papers;
- Posting flyers in the housing community;
- Developing a list of eligible Section 3 businesses;
- Giving all eligible concerns written notice in time for them to participate in pre-bid meetings and meet proposal deadlines;
- Holding workshops on contract procedures;
- Dividing contract work to allow wider participation;
- Promoting joint ventures between a large business and Section 3 business concerns;
- Limiting competition for PHA-administered opportunities to resident-owned businesses through the use of alternative procurement procedures for contracts under \$500,000, as described in HUD regulations at 24 CFR 963.

TGHA requires that all contractors doing business with the Authority make a “good faith effort” to use area residents as trainees and employees and to award contracts to businesses located within the Section 3 covered project areas. Good faith efforts will include concrete steps to expand resident training and employment opportunities, such as making residents aware of the employment application process and employing qualified Section 3 area residents.

It is the policy of TGHA to ensure that employment and other economic opportunities generated by the result of contracts awarded that are funded with federal financial assistance shall, to the greatest extent feasible, be directed toward low and very low income persons, particularly those who are recipients of government assistance for housing.

This policy sets forth the practices required for contractors to hire Section 3 Residents and to subcontract with business concerns owned in whole or in part by Section 3 Residents. This document also sets forth the requirements for the contracting with business concerns owned in whole or in part by Section 3 Residents, Minority, Women, Disadvantaged, Disabled Veterans and Labor Surplus Area Business Enterprises.

Contractors who are not able to otherwise meet the Section 3 requirements set forth in this policy may contribute to the TGHA Resident Services Section 3 Employment Education fund. Such contribution shall be in the amount of a minimum of 5% of the total contract costs below \$100,000; 4% of the total contract costs between \$100,001 and \$500,000; and, 2% for contracts in excess of \$1,000,000 and so noted within proposal submittal.

Required Efforts

Consistent with Presidential Executive Orders 11625, 12138, and 12432, and Section 3 of the HUD Act of 1968, all feasible efforts shall be made to ensure that minority-owned, small disadvantaged and Section 3 businesses, women’s business enterprises, labor surplus area businesses and other individuals or firms located in or owned in substantial part by persons residing in the area of the TGHA project are used when possible. Such efforts shall include, but shall not be limited to:

1. Including such firms, when qualified, on solicitation mailing lists;
2. Encouraging their participation through direct solicitation of bids or proposals whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by such firms;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by such firms; Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce;

5. Including in contracts, to the greatest extent feasible, a clause requiring contractors, to provide opportunities for training and employment for lower income residents of the project area and to award subcontracts for work in connection with the project to business concerns which provide opportunities to low-income residents, as described in 24 CFR Part 135 (so-called Section 3 businesses); and
6. Requiring prime contractors, when subcontracting is anticipated, to take the positive steps listed above.
