RESIDENT SERVICES

Brittany Goldsmith celebrated her completion of, and graduation from the Family Self-Sufficiency program. Brittany has achieved all the goals she originally set for herself, and currently works three jobs.

Resident Services held its third annual Night of Empowerment to recognize and celebrate the achievements of several FSS participants. The evening consisted of a meal, catered by Memoirs Catering, a TGHA Resident-owned business, a fashion show, courtesy of Stein Mart, door prizes, and a presentation by local motivational speaker and community leader Annie T. Broughton.
