RESIDENT SERVICES

The senior citizens of Garden Apartments enjoyed a Paper Products Party, with supplies donated by local community volunteers. Each tenant drew a number and was able to pick from any of the paper products on the table.

The 100 Black Men of the Upstate accompanied the mentees to the Martin Luther King, Jr. celebration dinner held at Greenville Technical College.

Resident Services hosted the first "Empowerment" Life Skills Discussion & Support Group for the tenants of the Residences at Hawthorne. Five tenants participated in the pilot sessions. The group will meet monthly and plans are underway to coordinate groups at other TGHA locations.
