RESIDENT SERVICES

From January 1, 2017 until November 30, 2017, eleven Family Self-Sufficiency participants have successfully completed their FSS contracts and have graduated from FSS, each of them receiving sizable disbursements from their escrow accounts. Seven of the eleven are pictured here. Altogether, these ladies have received more than \$61,000 in escrow disbursements. That is an average of \$5600 per graduate!
